

Mallala Primary School

From the Principal

This year is going so fast! It is a fairly quiet end of the term around here with more than half of the school on camp. Arbury Park is such a fantastic place. I am sure there will be some very tired young people with great stories to tell Friday afternoon.

I would like to say a huge thank you to Karen Tynan for the hours she spent working with students from Room 5 to paint the old seat that once graced the front of the office. This now has pride of place in front of

the Aboriginal mural by the nature play area and looks amazing. Have a look as you wander through the yard.

I hope that everyone is able to spend some great family time with their children during the holidays. I am off to a wedding in Port Douglas for a week and am very much looking forward to the sunshine.

Keep safe and stay warm.

Sharon

Pre-School Outdoor Area

The Preschool redevelopment is now completed and what an amazing transformation it is! The students are loving exploring the tunnel, rocks and climbing frame. It will bring so much enjoyment to all the students.

Around The Classes

Lunch times are very busy around the school, with various activities on the go. Neville is busy with his Lego Club and the library is always humming with games and drawing.

Our Pyjama Day Fundraiser

On Tuesday, many students came to school in their PJs bringing along a gold coin donation to raise money for the picnic rugs that have been purchased for students to use during lunch and recess breaks on the oval. A fun day was had by everyone. Thankyou to everyone for your support and donations.

Stephanie Alexander Kitchen Garden Market Stall

Last week we had our Garden Market Stall selling produce that we had grown in our school garden beds, we also made some scones to sell. Many families donated fruit and veg grown in their own gardens, to our stall and we thank everyone for their contribution. We raised just over \$150 and all monies raised will go to purchasing seedlings, gloves, chicken food and other items required to run our program.

We had a very excited bunch of students with sleeping bags and pillows in hand, ready for camp this morning. We feel very fortunate to have a fantastic team of staff and parents going along to Arbury Park to help and support the students. We are just hoping that the weather is kind and allows the kids to enjoy the camp and wonderful activities that are planned for them.

We are off to Arbury Park!
