

# Primary student use of mobile phones and personal devices

## Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

## Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- as a medical alert device
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

## Storage of personal devices

Personal devices (including mobile phones and smartwatches) are to be handed into the class teacher for storage in a locked drawer/filing cabinet until the end of the school day or when the student's school day ends i.e. early departure.

## Additional information

A number of students travel by bus to and from school. At no time is the device to be used for the purpose of taking photographs or for accessing social media while traveling on the bus.

Devices may only be used on the bus for the following:

- listening to music via personal headphones with no sharing
- to check a message or take a call from a parent

## If the student does not comply

If a student does not comply with the above requirements for the storage of mobile phones at school, the mobile device will be confiscated and a parent and/or guardian will be called to collect the device.

Misuse of mobile phones or personal devices may result in disciplinary action which includes but is not limited to the device being confiscated. Where there is a repeat of misuse or refusal to follow reasonable instruction to hand in a device when asked, we will refer to the school behaviour policy which may include further consequences and/or the inability of the student to bring the device to school. Parents will also be contacted in this instance

- there is a process for regular review of the policy
- secure storage is provided for student personal devices that are handed in to school staff
- processes are in place for monitoring internet and school network use by all members of the school community.

Enforce the policy and responses to instances of non-compliance.

### School staff

Deliver learning opportunities and maintain a safe and productive learning environment. Take steps to minimise distractions from the non-educational use of personal devices in the learning environment at times when a device is being used by a student in line with an approved exemption or in circumstances where students' devices are stored in the classroom.

Respond to instances of non-compliance in line with the school's policy.

Report and respond to incidents of inappropriate use of personal devices in line with department policy and procedures and any legislative requirements.

### Students

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

### Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school).
